GREENWOOD-WOODSTOCK SOLID WASTE COMMITTEE REPORT

83a

FOR YEAR 1984:

Dear Taxpayers:

As of November 1, 1984 the start up of our transfer station became reality.

Your committee had thirteen meetings for 1984, and feel we have accomplished a great deal during this period. Your contract hauler is Andy Valley Refuse Service of Turner, Maine, and is sole owner of the metal containers you see at the site. We have been very happy with his services so far.

As you are aware the present dump hours are Tuesday and Thursday from 1-5 o'clock P.M. --- Saturday from 8 A.M. to 4 P.M. and Sunday from 12 o'clock Noon to 8 P.M. At present this seems to be working out very well.

We elected two co-chairmen for this Committee, viz: Wayne Redman representing Greenwood and Frank Bean representing Woodstock.

At each Town Meeting held in March 84 both towns voted to join together and operate this facility cooperatively with a percentage of Income and Expenses split 60% for Woodstock and 40% for Greenwood. This ratio set by population figures.

We executed agreements with Auburn from September 1st to May 1st, then with Lewiston for the summer months. By agreement Lewiston will send an equivalent amount of waste to that accepted during the summer to the Auburn incinerator during the winter months.

We handle matters pertaining to this project through each respective town rather than having a separate entity.

Under D.E.P. regulations our dump attendant must be present at all times when our dump is open to the public, and access prohibited during closed hours.

We have much more work to do in order to adequately provide for fitting the development harmoniously into the existing natural environment and to see that the development will not adversely affect existing uses, scenic character or natural resources in the Municipality or in neighboring municipalities. All we ask is for everyone to be very patient with us and hope all will be pleased with the end results. We feel strongly this will be a great improvement over the old system and a project that we all will be proud of.

On closing we wish to say thank you to each and everyone who has helped us through this transition period, your co-operation was much appreciated.

Sincerely,  
Wayne Redman

COMMITTEE MEMBERS:

STATE OF MAINE  
HOUSE OF REPRESENTATIVES  
AUGUSTA, MAINE 04333

TO THE CITIZENS OF GREENWOOD

The 112th Legislature is now in session and I write this letter because too few people realize the influence they can have in the legislative process. I hope you will keep up on what is happening at the Legislature and express your opinions to me from time to time on issues and bills in which you have an interest.

As your State Representative my first concern is to be available to hear your feelings on proposed legislation which may have a direct effect on Greenwood and its residents. While the Legislature is in session, I can nearly always be reached by calling the House of Representatives at 289-1400 or at my home, 743-9561. In addition, I will be available in Greenwood as often as my legislative schedule permits.

Lists of all bills introduced and enacted are mailed to your selectmen and town clerk weekly. Copies of all bills introduced in the Legislature are also mailed weekly to your town clerk. The 1985 Legislative sessions should continue until early June.

Please contact me directly to let me know your feelings about any legislation you are interested in and if you want copies of any bills. I will also do my best to help resolve problems or questions relating to state government agencies. Feel free to call me at the Capitol toll free 1-800-423-2900.

I am proud to be representing Greenwood.

Sincerely,

A handwritten signature in cursive script that reads "Joseph G. Walker".

GEORGE J. RAINVILLE  
STATE AUDITOR

Board of Selectmen  
Town of Greenwood  
Locke Mills, Maine

We have examined the financial statements of the various funds of the Town of Greenwood for the year ended December 31, 1983, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the Town of Greenwood at December 31, 1983, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented per statutory requirements and as additional analytical data. The information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above, and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF GREENWOOD  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 1983

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Greenwood conform to generally accepted accounting principles as applicable to governmental units.

A. Basis of Presentation

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures. The various funds are grouped by type in the financial statements.

Governmental Funds

General Fund - The general fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.

Special Revenue Fund - Special revenue funds are used to account for revenues derived from specific taxes or other earmarked revenue sources, including federal revenue sharing funds.

Fiduciary Funds

Trust Funds - Trust funds are used to account for assets held in trust by the Town for others.

B. Basis of Accounting

The modified accrual basis of accounting is followed by the General, Special Revenue and Trust Funds. The modified accrual basis of accounting is defined as the basis of accounting under which expenditures are recorded as incurred and revenues are recorded when received in cash except for material and/or available revenues which are accrued to reflect properly the taxes levied and the revenues earned.

C. General Fixed Assets

The Town does not maintain a record of its general fixed assets. Expenditures for property and equipment are charged against departmental operations whenever such items are purchased.

## 2. Property Tax

The Town's property tax for the current year was levied October 24, 1983 on the assessed value listed as of April 1, 1983 for all real and personal property located in the Town. Taxes were due November 1, 1983 with interest at the rate of 15% per year or part thereof unpaid on or before December 31, 1983. A 2% discount was voted for all taxes paid within 30 days from date of mailing.

## 3. Deferred Credits

Deferred credits represent items received during the current accounting period to be used as revenue in the subsequent year. State revenue sharing funds of \$2,408.89 not used during the current year were deferred for use in the subsequent year as provided by statutory requirements.

## 4. General Fund Budget

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles, on which, amounts for appropriations have been recommended by the Board of Selectmen.

## 5. Designated for Capital and Special Reserves

Capital and special reserve accounts for various purposes have been established in the past by statutory provisions or by vote of the townspeople. These accounts were invested in time deposits at the year end.

## 6. Designated for Subsequent Years' Expenditures

Historically, the townspeople vote to allow the Selectmen to carry certain unexpended departmental balances and/or overdrafts forward to the following year for expenditures. This is usually in lieu of additional appropriations in any particular account.

At December 31, 1983, the following operating account balances were carried forward:

RECOMMENDATIONS . . . . The following recommendations are worthy of consideration:

We recommend that the plumbing inspector remit the collected fees to the treasurer on a timely basis.

The surety bond coverage appears unreasonably low for the amount of funds flowing through the town's accounts. We recommend that the selectmen review this coverage with their insurance agent and establish a more equitable amount of coverage.

We also recommend that a petty cash fund be established for the treasurer/tax collector.
